

For more information on the new and improved yard waste program, please call the DSWA Citizens' Response Line at 1-800-404-7080 or visit www.dswa.com.

Curbside Recycling

DELAWARE SOLID WASTE AUTHORITY

P.O. Box 517

Dover, DE 19903-0517

DSWA -08-02-15-60

DSWA provides a 96-gallon cart for your yard waste recycling convenience!

Sign-up for Delaware Solid Waste Authority's YARD WASTE RECYCLING PROGRAM

All Delaware residents have the opportunity to participate in DSWA's new and improved Pay-As-You-Throw (PAYT) yard waste collection program.

Our PAYT program offers pick-up of yard waste at your curb. Weekly pick-up will occur during the months of April through December and every other week during the months of January through March.

Yard waste is defined as plant material resulting from lawn maintenance and other horticultural gardening and landscaping activities. It can be specifically described as grass clippings, leaves, prunings, brush, shrubs, garden materials, cut up Christmas trees, and tree limbs up to 4 inches in

diameter. Customers can purchase stickers from DSWA to be placed in the clear bag on the side of your yard waste cart. Stickers will cost \$1 each and are purchased in increments of 10. For example, you may purchase 10, 20, 30, 40, or 50 stickers at one time. Stickers are available to order through DSWA's website www.dswa.com or by calling DSWA's Citizens' Response Line 1-800-404-7080.

There are a few simple rules to follow when preparing yard waste for pick-up:

- Customers will be provided a 96-gallon cart for loose yard waste recycling convenience.
- Place yard waste loose in the cart and place 3 pink stickers in the clear bag on the side of the cart each collection day.
- Sticks and small branches may be placed inside the cart or bundled and set next to it. Bundles must be no longer than 4 feet in length, 2 feet in width, and 2 feet in height. Bundles must be tied together with rope or twine. Each bundle must have a pink sticker attached to it.
- No trash, tree stumps, rocks, or dirt

The collected yard waste is recycled into mulch and compost products at Delaware Solid Waste Authority's facilities.

Questions about this or any other DSWA program, call DSWA's CITIZENS' RESPONSE LINE at

1-800-404-7080
or visit www.dswa.com

Credit card customers can sign-up online at www.dswa.com
